

Alexandra Maniati, Senior Director of Innovation & Cybersecurity, European Banking Federation

Alexandra is EBF's Director of Innovation & Cybersecurity, leading the Federation's work on data economy & open finance, CBDCs and the digital euro, cloud banking, online platforms, payments, cybersecurity and digital operational resilience.

Working closely with bank associations throughout Europe, she is responsible for the EBF digital innovation and cybersecurity strategy, positioning on legislative/regulatory processes, relations with EU institutions, and projects aimed at regulatory harmonization.

Alexandra is a member of strategic groups of the European Commission, ENISA and Europol EC3. She also represents the EBF in the Digital Transformation WG of the International Banking Federation and in ad hoc projects of the G7 Cyber Expert Group.

Advocate of empowering bank employees and citizens through awareness on cyber risks and enhancement of digital skills. Creator of the annual EBF Cybersecurity Conference, and of the [EBF Digital Thursdays](#) series of online events.
